2. Mr. visited briefly on 23 November, primarily to see the real estate. He was briefed as broadly as time allowed by C/OS/TR and Acting Chief, ALT. The major interest he showed were problems connected with getting new materials released for use by OTR. He also questioned whether the Clandestine Service was doing all it should be doing in the area of police training.

3. Mr. returned from three weeks with the CI Staff where he executed a CI case chronology and analysis which they did not have the manpower to perform. In the coming week we will determine whether this interlude was useful enough to warrant repeating it for other ST officers between courses.
